We can custom create a menu to suit your specific needs and desires, please just give us a call!

It's now that much easier to make a difference. 100 percent of the proceeds from Café Options goes to Work Options for Women.

For more than ten years, Work Options for Women (WOW) has had a vital mission: to help give homeless and impoverished women the training and skills necessary to be successful in the work force. For 16 weeks, women are taught foodservice skills in a commercial kitchen that serves over 300 meals a day. Upon graduation, 100 percent are placed in foodservice jobs. Twelve months after placement, 86 percent are still employed, far above the national success rate of similar programs. [www.workoptions.org](http://www.workoptions.org)
